

## Children of Light Conference, Dallas 2018

**You are invited to a Grand Gathering celebrating the marriage of the Divine Masculine and the Divine Feminine in order to bring balance back to the world.**

We will be raising our spiritual vibrations higher than we ever have before. We will be doing processes over the four days with the vibrations gaining in intensity each day.

You will explore why you are the way you are and what you can do about it. You will learn to create your own reality in the physical world. You will learn to nourish your body with food for the soul.

We will be offering several meditation processes along with chanting and singing. You will experience the Seat of Mercy as a tool for self-healing and enlightenment. You will receive the Shakti blessing, the Divine Feminine energy of creation. You will be taking a spiritual journey through the Tree of Life into the Da'ath. The Da'ath is known as the secret or hidden or non-Sefirah which is the empty space where creation begins. You will be taken into the Da'ath and absorb this most magnificent energy. We will all stand in the Grand Formation and send it out to the world to create balance and harmony in the world once again. The angelic realm has asked us to gather 222 people in the formation in order to raise our vibrations to accomplish this.

**Join us for this life changing event. \$250. Register at [www.beatpeace.net](http://www.beatpeace.net)**
