

December 2021 visit

So here I was cleaning up after this big project of a new countertop. It was a lot of work and I made a very big mess, so I was in the process of cleaning it up. I had to do a lot of sanding, so I had dust everywhere, not to mention all of the tools I had spread out on the floor and on the table. I was in the breakfast nook bent over a bench, trying to get the dust up when I heard Michael's voice.

Michael...You have done good work with the counter top which is why I have not visited you to talk. I gave you time to complete your work. Now that you're done, I won't interfere with you except for the cleanup.

As you can see, I have a lot to clean up. Maybe while you're here you could help me and we can get it done really quick. You know, maybe you could do your angel stuff like wave your hands and everything is clean.

Michael...Our kind doesn't clean up houses. You made the mess, it is up to you to clean up. It is so like your kind to make a mess and expect someone else to clean it up. Look to your world and what a mess your kind has made of it. Many of your kind looks at your world the way that it is and says that somebody needs to do something and then just sit back and wait for someone to do it. Our kind is not allowed to clean up the mess your kind made of it. We are allowed to give you the tools to clean it up yourselves, however you need to take responsibility for it getting done. Your kind can choose to use them or not. In this time of the light of wisdom, returning it is up to each of you to choose.

You said there was something we would be doing.

Michael...Yes. It concerns the Novus Invicta process you will be doing this time and here is how it will be done.

Novus Invicta Process.

The change Michael is talking about takes place in step 12

Begin sometime after dark on Dec. 22nd, here is what we are going to be doing:

Step 1 Set up your Gate of grace in advance

Step 2 After your gate of grace is set up, set up the tabernacle using the instructions that came with your tabernacle crystal stone set. (If you have tabernacle stone set)

Step 3 With you in the center, (if you have) the Shekinah flame; place it between you and the smoke crystal stone in the North. If you also have a Metatron flame, place it between you and the Metatron crystals at the entrance of the tabernacle in the south. (In other words, place the Shekinah flame in front of you and the Metatron behind you.) When you have done this, place

a drop of the **Songs Of Songs** oil on your throat so your voice will be as a song. (*OK if you do not have this oil*)

Step 4 Take one drop of the IAM oil and place it on a piece of charcoal and light it. If you have not been Gathered yet, you will not have this oil. You may however use the **Holy of Holies** oil. Step back outside of the entrance facing the Gate of Grace and say: "This is said to make something Holy. Holy, Holy, Holy, Holy, Holy, Holy, O Lord, our God, Lord of hosts O Lord, our God Lord of hosts Who was, and Who is, and Who is to come, Who was and Who is, and Who is to come."

Step 5 Once you have said this, each Master will light the votive candle in their lamp as a symbol of their Divine light and enter the tabernacle. With everyone facing the entrance, say the Seven Names of God: "Shriram, Elohim, Buddha, Yahweh, Ahura Mazda, Allah, El Shaddai" and ring the tuning fork for each name. DO NOT SEAL THE ENTRANCE (nothing further needs to be done.)

Step 6 Start singing, "I am, you are, we are one," 9 times.

Step 7 When you have finished with the song, each person will place a drop of the sacred oil of Shri Rom on your crown. Elohim on your third eye. Buddha on your right temple. Yahweh on left temple. Ahura Mazda under and behind your right ear. Allah is placed under and behind your left ear and the oil of El Shaddai is place on the neck above the place where to two collarbones come together. Sing the seven names of God 9 times.

Step 8 Place a drop of the **Festival of Light** oil on your heart. **Step 9** Place a drop of the **Novus Invicta** oil on your third eye.

Step 10 Place the sacred oil of the Three Kings on your crown and say: "As a child of God, I have attuned my vibrations to receive the gifts of the Three Kings. I have anointed my heart to the vibrations of the Birth of the Light. I reclaim my Divine Kingship as a child of God and place my crown on my head." Each will take from their hearts a crown and place it on their own head and say, "As it is said, it is done."

Step 11 Take a drop of the Novus Invicta oil and a drop of the Festival of Light oil and place them on a piece of charcoal. Burn the charcoal and as the smoke rises, say the Seven Names of God: "Shriram, Elohim, Buddha, Yahweh, Ahura Mazda, Allah, El Shaddai. "Ring the tuning forks for the Names of God in that order, if you have them.

Step 12 When you have finished, say, "I open my heart to the light." Pick up the candle and look into its light. As you do, allow the light to enter your eyes, drawing in the light. Bring the light from your eyes down to your heart and hold it there. Do this three times and hold it there to the count of nine each time. When you do this, you become the focal point of the light. As you hold the light of wisdom within, you will find it that you make fewer mistakes and you will be filled with more compassion and love in your life. Now face the entrance of the tabernacle and

say: "As a child of God that wears the Crown of Light, I send the Light of Wisdom, Compassion and Love to bring harmony to the world." After you have said this, bring the votive candle in the lamp up and blow the light of the candle out through the entrance of the tabernacle. The light you have sent out will become one with the rays of the rising sun and shine on the world. Say, "It is done."

This will set things in motion for the upcoming year and for the conference. Our time is done for now. Get back to cleaning the mess you made. We will talk soon. Be at peace and teach only love.

Once again, Michael folded back into the light and he was gone. I am going to get back to cleaning and write up the visit.

Bless your Heart
Joe
